Lines and spaces

- The lines, from the bottom up, are E G B D F: Every Good Boy Does Fine.
- The spaces, from the bottom up, spell F A C E — face!
- The treble clef curls around the second line, which is G. That is why it is also called the G clef.
- Fixed do: Do is C, Re is D, Mi is E, Fa is F, Sol is G, La is A and Si is B. Many English-speaking classrooms say Ti instead of Si — it is the same note.
